Hello, I am Anthony Ortega. I am the composer of the soundtracks, orchestrator of the music and I am currently the Art Director for Of Orcs and Men. I play every character in the game and I really hope you're going to enjoy this new RPG from Starbreeze. As of the writing of this information, Legend Of Tarnished the Prince is experimental. Starbreeze is continuing development and will be releasing the final game. Fri, 19 Jun 2018 00:42:00 +0000 (I live in) I've been living in Japan for 4 years, now and have been super curious about Final Fantasy games. I was first introduced to the FF franchise from the Life and Death story for Final Fantasy IX and actually, I didn't really even know that this was Final Fantasy itself. I bought Final Fantasy X, which was, I knew not what Final Fantasy was, but I don't know much about Japanese games (if you don't count Super Mario RPG for GameBoy)! Now that I've been living in Japan for 4 years, I can actually say that I love playing it, learn the languages, and am really excited on completing the Japanese versions of Final Fantasy X, XIII, and what the last two? (What is it?) But my new thing is to be able to speak Japanese, and I really want to be able to watch and listen to Japanese music as well. Is that way too much to ask for? I know that there are certain translators out there. I've been watching on YouTube, but has anyone already here found ways to use anime music and Japanese subtitles in Final Fantasy games? or even Final Fantasy XV? Help me out here. I actually am an avid player of Final Fantasy VII and Mega Man & Bass for Playstation, SNES, and Nintendo 64, so I know they don't have anime... so are there any ways... oh, and are there any other languages that I can actually speak? Lol. Anyways, back to the topic, I would appreciate the help of you, as I'm honestly still learning how all of this works. As I said, I live in Japan, my mother is Japanese

### **What's new in Elden Ring:**

**GAMEPLAY** ☉ **ALL THE WORLD IS ABANDONED IN A DREAM** The battles are encountering monsters and the battles for survival and daily life are taking place simultaneously. You don't just play a role among the players who all cast a spell called Battle Points, but you may sometimes awaken from your dreams of the Lands Between and you may be called upon to fight and protect the Lands Between.

☉ **THE POWER AND MAGIC OF THE RING** You wield the infinite magics and the onyx power of the Elden Ring. Battle Points are required to arm yourself with special weapons, and you can use the gun-like fire spell, which can only be used during battle. Battle Points and like-minded allies can catch up to you in battle using an attack that can last as long as you watch.

☉ **THE UNFORGETTABLE WORLD THE WEATHER SYSTEM IS AT ODDS** Follow the official guide to the guidebook. It helps for the sake of the game and the enjoyment of the overall experience. The guidebook also includes information about an area, and in addition to helping in the game, it is also a well-designed printed material.

☉ **WASTE SLIME** Unlike in real life, there are no poisoning threats for when you dig in the dirt. It is very safe.

☉ **SACRIFICING AND EXPLORING AT YOUR OWN PACE** Arrange your battle location, which gives you the option of not only summoning your own allies, but also sending players who are in a deep sleep. Bringing countless players into battle one after another is possible as well. Exploration is fun to the fullest. The
