Visuals: To be honest I am not entirely sure what to say about this, because you can't really say anything about the art. This is the first time I used this engine, and I used it for a very precise reason: It was light, with no heavy details. This thing gave me the impression of a kids game and kids games are usually very light, nothing else to say. But, the details in your hand help a lot to understand what the scene is about. Let's find out a way to tickle your inner children. Gameplay: This game has 3 types of actions, basic, advanced and ultimate. Basic you will learn how to play and tickle your fingers, and while advanced and ultimate you'll just have to explore to find out your taste. Unlock all the actions with money earned from the audience. 0\$0.00\$0.00\$0.00Will give 10Bux 30\$0.00\$0.00\$0.00Will give 50Bux 80\$0.00\$0.00\$0.00Will give 80Bux 120\$0.00\$0.00\$0.00Will give 100Bux 200\$0.00\$0.00\$0.00Will give 100Bux Add a description to this product Reviews Your browser does not support HTML5 Canvas. Chapter 929: When is Now Really Now? Chapter 929: When is Now Really Now? Even though the fields of roses were blossoming around Weiss, she did not feel the slightest bit of cheering. She was dressed in maid attire, as seen in those papers, but if anything, it was in the opposite direction. Hair tied up neatly, eyes a pleasing crimson hue, 'I belong to the Flowers.' and one of those pictures was seen carved into the letter from those famous gardens. It was in all of the papers, and it appeared to be why they had placed a bounty on her head. It was the message, the combination of the letters and the clothes, that if seen would be enough to mark Weiss as a criminal. For Weiss, a criminal. By the looks of it, if it had been a real crime instead of a miscreant, then she would have needed a lawyer. Weiss had never been in court, nor did she have enough money to hire one. Even if she did, such an act would be a mockery of all those who lived through time. On the other hand, if that did happen, then at least the most important thing was that her pupils were still intact. She did not have to face her past. She could not turn back the clock, and as someone who had been through the slings and arrows of time, Weiss was quite fine. Right? There had to be something else she could do to protect her life, pay off this bounty, and get her some spare money. If not, she would have to accept it and move on. Her five bounty hunters had gathered themselves together, and in the clear sky, Weiss saw a pair of caped silhouettes on the horizon. The shock of seeing such a figure was almost enough to cause the young girl to jump out of her skin. "Ngh!" For a moment, the scattered roses in front of Weiss turned into being pieces of the living forest. The thick blooms surrounded the young girl and buried her in their fragrant weight. As the projectiles, or should Weiss be thanking them for their sacrifice... The roses slowly gathered back to the waist of the flower girl. Weiss sighed, and continued to observe the invading soldiers with her tired eyes. The oni archers
